

Match Comp Duration

Installation

Thank you for downloading Match Comp Duration! We hope it will save you time in your projects. Feel free to contact me at daniel@saltmedia.net if you have any other ideas or feedback.

To install the script place the '**Match Comp Duration.jsxbin**' file in the ScriptsUI directory in the After Effects application folder.

Mac OS X

*Applications*AE/Scripts/ScriptUI Panels

Windows

C:\Program Files\Adobe\Adobe After Effects 2020\Support Files\Scripts\ScriptUI Panels

Note: If After Effects is running when you install the script you will need to restart it.

User Guide

Match Comp Duration - Match selected layers to the current composition duration.

Match CTI Duration - Match selected layers to the current time indicator duration.

Include nested layers - Include all nested layers to the deepest level pre-comp.

Include locked layers - Include all nested locked layers to the deepest level pre-comp.

Resize Comps - Resize all nested comps in the current composition to the current comp size (fit, width or height).

Set Custom Duration - When set the selected layers will match this duration instead of the current composition duration.
